

## *Mission Statement*

The Saint John Vianney Academy is a classical educational program for grades Pre-K thru 12, founded by lay Catholics to assist families in their fulfillment of their primary responsibility for educating their children. We seek to form students in faith, reason, and virtue through a classical education as the truths of our Holy Catholic Church are shared with young souls.

The mission of Saint John Vianney Academy is to foster within the students growth in the theological, intellectual, and moral virtues. Our goal is to support parents as the primary and principal educators of their children.

St. John Vianney Academy is a hybrid homeschooling program; professional teachers partner with committed parents to provide an excellent education.

St. John Vianney Academy is not a school—it is a lived, learning program. The Catholic Christian worldview permeates every aspect of the program, where both teaching and learning include the eternal verities of goodness, truth and beauty as part of the curriculum.

Students spend two days per week on campus (T/TH), receiving professional instruction in all core subjects and fine arts. The other days of the week, students study at home under the supervision of a parent, using the St. John Vianney Academy created syllabus as a guide.

2:40 pm Divine Mercy

Confessions once/month

Sacramental Preparation in class

## Statement of Faith

St. John Vianney Academy is inspired and guided by the Gospel of Christ. Our main goal is to educate and form students in Christ. We are committed to faithfulness and fidelity to the magisterium of the Roman Catholic Church. The curriculum and daily routine reflect our dedication to forming young minds and hearts, that is, to seek and love the divine truth in both creation and revelation through a classical education in the Roman Catholic tradition. We strive in every task to inculcate in our students the profound insight of Saint Augustine: “You have made us for Yourself, O Lord, and our hearts are restless until they rest in You.”

## Classical Curriculum

Grammar

Latin

Literature

History

Science

Mathematics

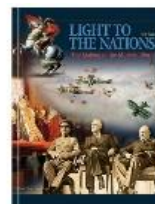

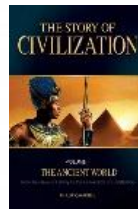

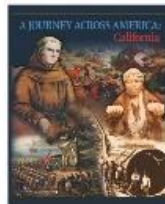

Theology

Arts

Music

Memory Work

## TEXTBOOKS

Our history textbooks are unique in that they present the Catholic contribution to the creation and development of California, United States and the world, which are non-existent or biased against the Catholic faith in other history textbooks.

## Vision Statement

Vianney Academy will introduce students to the life of wisdom, preparing them to walk on the path of true happiness. Our aim is to form the whole person: to train students in faith, reason, and virtue. Vianney Academy will be authentic in Catholic principles and will strive to assist parents in their noble task of teaching and sanctifying their children. Our curriculum will introduce young minds to classical literature and the liberal arts in order that students will have a lifelong love of learning. Our graduates will be seekers of the true, the good, and the beautiful, and therefore, seekers of the Logos, who is “the Way, the Truth, and the Life.”

“Lift up your hearts!”
